Study the Child Welfare System in the State of Kansas

2017 House Sub. for SB 126 directs the Secretary for Children and Families to establish a Child Welfare System Task Force to study the child welfare system in the State of Kansas. The bill directs the Task Force to convene working groups to study the following topics: the general administration of child welfare by the Kansas Department for Children and Families (DCF); protective services; family preservation; reintegration; foster care; and permanency placement. Additionally, the Task Force and each working group are directed to study the following topics:

- The level of oversight and supervision by DCF over each entity that contracts with DCF to provide reintegration, foster care, and adoption services;
● The duties, responsibilities, and contributions of state agencies, nongovernmental entities, and service providers that provide child welfare services in the State of Kansas;

● The level of access to child welfare services, including, but not limited to, health and mental health services and community based services in the State of Kansas;

● The increasing number of children in the child welfare system and contributing factors;

● The licensing standards for case managers working in the child welfare system; and

● Any other topic the Child Welfare System Task Force or a working group deems necessary or appropriate.

The mission of the Joint Legislative Transportation Vision Task Force shall be as follows:

- Evaluate the progress of the 2010 transportation works for Kansas program to date;
- Evaluate the current system condition of the state transportation system, including roads and bridges;
- Evaluate current uses of the state highway fund dollars, including fund transfers for other purposes outside of infrastructure improvements;
- Evaluate current transportation funding in Kansas to determine whether it is sufficient to not only maintain the transportation system in its current state, but also to ensure that it serves the future transportation needs of Kansas residents;
- Identify additional necessary transportation projects, especially projects with a direct effect on the economic health of the state of Kansas and its residents;
- Make recommendations regarding the needs of the transportation system over the next ten years and beyond;
- Make recommendations on the future structure of the state highway fund as it relates to maintaining the state infrastructure system; and
- Make and submit reports to the legislature concerning all such work and recommendations of the task force. All such reports shall be submitted to the Legislature on or before January 31, 2019.

Additionally, the co-chairpersons shall schedule and organize meetings whose purpose is to solicit local input on existing uncompleted projects and future projects in each highway and metropolitan district. The meetings shall be open meetings and such meetings shall be held at least eight times, including at least one meeting in each department of transportation district and the Wichita and Kansas City metropolitan areas.

Senate Sub. for HB 2701 (2018) directs the Task Force to:

- Work collaboratively to develop an approach that includes, but is not limited to, the development of criteria for the creation of a statewide map for defining and evaluating the broadband needs of Kansas citizens, business, industries, institutions, and organizations;

- Identify and document risks, issues, and constraints associated with a statewide broadband expansion project and to develop any corresponding risk mitigation strategies where appropriate;

- Consider any recent actions by the Federal Communications Commission (FCC) relating to broadband services including, but not limited to:
The 2018 Broadband Deployment Report;
Recommendations of the Broadband Deployment Advisory Committee; and
Any actions to implement broadband initiatives using the Connect America Fund Phase II, the Mobility Fund II, or the Remote Areas Fund;

- Identify opportunities and potential funding sources to:
  - Expand broadband infrastructure and increase statewide access to broadband services;
  - Remove barriers that may hinder deployment of broadband infrastructure or access to broadband services; and
  - Consider options for the deployment of new advanced communication technologies;

- Develop criteria for prioritizing the expansion of broadband services across Kansas;

- Review current law and regulations concerning access to the public right-of-way for public utilities and make corresponding recommendations for any changes necessary to encourage broadband deployment; and

- Propose future activities and documentation required to complete the statewide broadband expansion plan, including an upgradeable, functional map of the state of available broadband service, as well as including which technologies should be deployed and the methods to finance broadband expansion.
