Changes reflected in table only.

Agency Request

The **agency** expenditures of \$628.6 million, including \$234.7 million from the State General Fund for FY 2017. The request is an increase of \$1.6 million, or 0.3 percent, from all funding sources, including \$6.7 million, or 3.0 percent, from the State General Fund, above the FY 2016 request. The request includes funding for the 27th payroll period of approximately \$4.6 million, including \$2.5 million from the State General Fund. The FY 2017 request includes the addition of \$5.0 million from the State General Fund to replace fee funds which are not available in FY 2017.

The agency request includes State Operations expenditures totaling \$239.3 million, including \$139.0 million for salaries and wages and \$97.6 million for contractual services. The agency estimate also includes \$389.3 million for other assistance expenditures. These expenditures include cash assistance, employment assistance, and energy assistance. Other expenditures include foster care assistance, child care assistance and adoption assistance.

The agency request includes \$234.7 million from the State General Fund, \$32.3 million from the Children's Initiatives Fund, and \$342.9 million from federal funding sources.

Governor's Recommendation

The **Governor** recommends FY 2017 expenditures of \$608.9 million, including \$226.7 million from the State General Fund. The recommendation is a decrease of \$19.7 million, or 3.1 percent, including \$8.1 million, or 3.4 percent, from the State General Fund, below the agency's request. The recommendation is an increase of \$5.4 million, or 0.9 percent, from all funding sources, including \$8.4 million, or 3.9 percent from the State General Fund, above the Governor's FY 2016 recommendation.

The FY 2017 recommendation includes adjustments totaling \$19.7 million to the agency's request. These changes include the addition of \$2.3 million from all funding sources, including \$796,621 from the State General Fund, to fully fund the fall human services consensus caseload estimate for this agency. In addition, the recommendation includes a reduction of \$25,000, all from the Children's Initiatives Fund, from the Children's Initiatives Accountability Fund. Also included is a reduction of \$6.0 million, all from the Children's Initiatives Fund to eliminate funding for the Kansas Reads to Succeed program, which contracted with the Lexia reading program.

The Governor's recommendation also includes a transfer of \$8.1 million from the Kansas Endowment for Youth Fund (located within Kansas Public Employees Retirement System) to the State General Fund in FY 2017.

The Governor's recommendation includes a reduction of \$1,703,340, including \$924,515 from the State General Fund, to reduce employer contributions for state employee health insurance.

The recommendation also includes a reduction of \$14.3 million, including \$8.0 million from the State General Fund, to continue the 4.0 percent State General Fund reduction. This reduction will be managed by eliminating funding for the migration of legacy systems from the mainframe, a reduction in the amount for rehabilitation case services and the consolidation of the Strategic Development and Faith Based Initiatives program into other programs within the agency in FY 2017. Additionally, included in the reductions is an increase in salaries and wages shrinkage savings, decrease operating expenditures and grants and contracts, and a reorganization of Information Technology Services within the agency.

The Governor issued Executive Reorganization Order (ERO) No. 43 to transfer the responsibility for Medicaid eligibility determination and associated employees from the Department for Children and Families to the Department of Health and Environment effective January 1, 2016. The Governor indicates this reorganization is anticipated to increase accuracy in Medicaid eligibility determination and reduce program expenditures partially through uniform implementation of policy and processing changes. The associated saving will be split between this Department and the Department for Aging and Disabilities Services. In addition, ERO No. 43 will transfer foster care licensing responsibilities from the Department of Health and Environment to the Department for Children and Families effective July 1, 2015. The Governor indicated the reorganization is anticipated to streamline the licensing process.

Senate Subcommittee Recommendation

The **Subcommittee** concurs with the Governor's recommendation with the following adjustments:

1. Delete the below proviso language which was included in previous years if the Governor chooses to include it in the appropriations bill:

Provided, That expenditures may be made from the Rehabilitation Services account for the acquisition of durable medical equipment and assistive technology devices: *Provided, however*, That all such expenditures for durable equipment or assistive technology devices shall require a \$1 for \$1 match from non-state sources;

On July 1, 2014, October 1, 2014, January 1, 2015, and April 1, 2015, or as soon after each such date as moneys are available, the director of accounts and reports shall transfer \$559,307 from the child care/development block grant federal fund of the Kansas department for children and families to the child care and development block grant — federal fund of the department of health and environment — division of health.

House Budget Committee Recommendation

The **Budget Committee** concurs with Governor's recommendation with the following notations and adjustments:

1. The Budget Committee recommends the full Appropriations Committee consider the following action in regards to the Parents as Teachers Program, in the Department of Education and the Court Appointed Special Advocates Program in the Judicial Branch.
 - Add language requiring the Department of Education to develop and implement a pilot program for Parents as Teachers which is means tested and provides free services for families below 200 percent of the federal poverty level (FPL) for FY 2017.
 - Add language requiring a report back from the Department of Education on outcomes and other program information to the appropriate committees during the 2016 and 2017 Legislative Sessions.
 - Delete \$3.0 million, all from the Children's Initiatives Fund, for Parents as Teachers for FY 2017, and add the same amount from special revenue funds.
 - Transfer \$3.0 million, all from the Temporary Assistance for Needy Families federal fund, from the Department for Children and Families to the Department of Education for FY 2017 for the purpose of implementing a Parents as Teachers Program.
 - Add language making the transfer from the Department for Children and Families for FY 2017 contingent upon a memorandum of understanding with the Department of Education that the Parents as Teachers program structure meets the requirements of receiving federal Temporary Assistance for Needy Families funds.
 - Add language requesting the Department of Education consider implementing a sliding fee scale for families receiving services from the Parents as Teachers program, for FY 2017 for those families with an income above a determined percent of the federal poverty level to contribute a portion of the cost of the program.
 - Delete \$200,000, all from the Children's Initiatives Fund, for Parents as Teachers in the Department of Education budget for FY 2017.
 - Add \$200,000, all from the Children's Initiatives Fund for the Court Appointed Special Advocates for Children (CASA) in the Judicial branch budget for FY 2017. The Budget Committee notes that CASA provides an invaluable resource for abused and neglected children. The 23 Kansas CASA programs in Kansas, with 838 volunteers, provided over 60,000 hours of advocacy for 1,946 children in 2013. The Budget Committee is concerned with information received that funding has been reduced for this important program from the Judicial Branch and recommends the additional funding to ensure that vulnerable children receive the services they need when interacting with the courts.
2. Add language to direct the Director of Accounts and Reports to withhold 10.0 percent of each Children's Initiatives Fund account until the Children's Cabinet certifies all requested information regarding the programs funded by these accounts has been provided by the program or grant recipients, with a copy of the certification provided to the Division of the Budget and the Kansas Legislative Research Department. The Budget Committee notes concern on the lack of responsiveness to information requested in order to perform evaluation of the program by some recipients of Children's Initiatives Fund moneys. The Budget Committee notes its belief that these recipients

have a responsibility to provide information as a part of their accountability in receiving moneys from this source.

3. Add \$3.0 million, all from the Children's Initiatives Fund, for a reading program for students for FY 2017, contingent upon funding being available in the Children's Initiatives Fund. In addition, add language requiring a request for proposal (RFP) process for awarding the funding and requiring the following minimum requirements:
 - Create a personalized learning path for students and continually tailor instruction to the individual needs of the student while providing the teacher with the resources to deliver direct instruction based on the student's performance data;
 - Meet the criteria of having research that is peer reviewed and published in national scientific reading journals;
 - Provide teachers with executable, norm-referenced performance data on a daily basis that enables teachers to plan and modify reading instruction without having to stop instructional time to administer a test;
 - Provide regular periodic and highly accurate predictive scores for K, 1st, 2nd, and 3rd graders, which indicate the likelihood of students reading grade level reading skills by the end of the school year; and
 - Are highly correlated with commonly used reading assessments, including DIBELS, AIMS Web, NWEA MAP assessment, and the Kansas State Reading Test and aligned with the Common Core Standards.

House Committee Recommendation

The Committee concurs with the Budget Committee's recommendation with the following adjustment:

1. Took no action on the items related to Parents as Teachers in Number 1.
2. Did not take the action related to the Court Appointed Special Advocates program listed in Number 1. The Committee instead transferred \$200,000, all from the Kansas Endowment for Youth Fund, to the Judicial Branch special revenue fund for FY 2016 for this program.
3. Funding from the Children's Initiatives Fund was not available for the reading program listed in Number 3. The Committee noted its intention to revisit the potential funding for a reading program requiring the following minimum requirements:
 - Create a personalized learning path for students and continually tailor instruction to the individual needs of the student while providing the teacher with the resources to deliver direct instruction based on the student's performance data;
 - Meet the criteria of having research that is peer reviewed and published in national scientific reading journals;

- Provide teachers with executable, norm-referenced performance data on a daily basis that enables teachers to plan and modify reading instruction without having to stop instructional time to administer a test;
- Provide regular periodic and highly accurate predictive scores for K, 1st, 2nd, and 3rd graders, which indicate the likelihood of students reading grade level reading skills by the end of the school year; and
- Are highly correlated with commonly used reading assessments, including DIBELS, AIMS Web, NWEA MAP assessment, and the Kansas State Reading Test and aligned with the Common Core Standards.

The **Conference Committee Committee** concurs with the Governor's recommendation with the following adjustments:

10. Add language to utilize State General Fund moneys if balances in the Kansas Endowment for Youth Fund or the Children's Initiatives Fund are insufficient to cover appropriations and transfers for FY 2017.
11. Add language to prohibit expenditures on newspapers and magazines, including electronic subscriptions, for FY 2017.
