

Child Welfare System Task Force

Rules

- A Task Force member may be allowed to teleconference to a meeting if their absence is excused by the Chairperson. A member wishing to be excused and allowed to teleconference should notify the Chairperson and KLRD staff no later than a week before the meeting so that arrangements for the teleconference may be made if the absence is excused.
- All cell phone and pagers in the Task Force room shall be in “silent” mode. Use of cell phones for telephonic conversation is not permitted in the room.
- To keep disruption to a minimum, prior permission of the Chairperson must be obtained for any photography (including cell phone pictures), video, or audio taping. It is anticipated that Task Force meetings will be livestreamed by legislative staff and archived for later public access, as well.
