ECONOMIC IMPACT STATEMENT

K.A.R. 115-25-7. Antelope; open season, bag limit, and permits.

DESCRIPTION: This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2015 firearm, muzzleloader, and archery antelope seasons. The hunting units include all of the area included during the 2015 season. An unlimited number of archery permits are authorized, however, recent trends indicate that about 320 people may apply for these permits for residents. 16 nonresident archery permits were issued in 2014 and it is anticipated that a like number will be issued in 2015.

The proposed unit boundaries for the 2015 firearm hunting season are the same as the 2015 unit boundaries. A total of 154 firearms permits are proposed in three management units as follows: Unit 2-104 permits, Unit 17-36 permits, and Unit 18-14 permits, an increase of 14 permits from the previous season. In addition, 44 muzzleloader permits are proposed in three management units as follows: Unit 2-26 permits, Unit 17-10 permits, and Unit 18-8 permits, an increase of 4 permits from the previous season.

FEDERAL MANDATE: None.

ECONOMIC IMPACT: It is anticipated that 534 antelope hunting permits will be authorized. Estimated revenue if all permits are issued would be approximately \$18,700. That amount represents equal participation in the antelope season by landowner/tenants and general residents, as well as nonresident participation. Approximately 1150 people will apply for an antelope permit or preference point. A \$5 nonrefundable application fee from all applicants will generate an additional \$5,575. Other administrative costs associated with the season are borne by the Department.

Approximately 2670 days of hunting activity will occur. The national survey of fishing, hunting, and wildlife associated recreation conducted by the U.S. Fish and Wildlife Service estimated that an average big game hunter spent more than \$1100 per season, thus the antelope season may generate \$587,400 in direct economic benefits to businesses providing goods and services. There will be no other economic impact on the general public, small businesses or on other state agencies.

ALTERNATIVES CONSIDERED: None.

115-25-8. Elk; open season, bag limit, and permits. (a) The unit designations in this regulation shall have the meanings specified in K.A.R. 115-4-6b, except that the area of Fort Riley, subunit 2a, shall not be included as part of Republican-Tuttle, unit 2.

(b) The open seasons for the taking of elk shall be as follows:

(1) The archery season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: September 14, 2015 through December 31, 2015.

(B) Fort Riley, subunit 2a: September 1, 2015 through September 30, 2015.

(2) The firearm season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: December 2, 2015 through December 13, 2015 and January 1, 2016 through March 15, 2016.

(B) Fort Riley, subunit 2a:

(i) First segment: October 1, 2015 through October 31, 2015.

(ii) Second segment: November 1, 2015 through November 30, 2015.

(iii) Third segment: December 1, 2015 through December 31, 2015.

(3) The muzzleloader season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: September 1, 2015 through September 30, 2015.

(B) Fort Riley, subunit 2a: September 1, 2015 through September 30, 2015.

K.A.R. 115-25-8. Elk; open season, bag limit and permits.

DESCRIPTION: This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2015-2016 muzzleloader, archery, and firearm seasons for elk. The units allow for statewide use for limited-quota permits, except in a portion of Morton County. Limited-quota elk and unlimited hunt-on-your-own-land (HOYOL) hunters would be allowed to hunt during any open season with the equipment that was allowed during that season. Unlimited general either-sex and antlerless-only permits would allow the use of the permits in all units but would exclude two units. Unlimited HOYOL either-sex and antlerless-only permits would be allowed statewide, except a portion of Morton County, Unit 1. The proposed regulation would allow elk hunting from September 1, 2015 through March 15, 2016 statewide (outside Fort Riley, except Unit 1). Fifteen limited-quota antlerless permits would also be valid during a September muzzleloader and archery equipment season on Fort Riley, Subunit 2a. However, only five limited-quota antlerless-only elk permits at a time would be made available for use during each of three seasons on subunit 2a (Fort Riley) (October 1, 2015 through October 31, 2015; November 1, 2015 through November 30, 2015; and December 1, 2015 through December 31, 2015). Ten limited-quota either-sex elk permits would be valid from September 1, 2015 through December 31, 2015 on subunit 2a and from September 1, 2015 through March 15, 2016 in the remainder of the state, except Unit 1. Fort Riley military personnel would continue to control access to the military grounds for the purpose of elk hunting, and are expected to provide hunting access only during a portion of the available days during the open seasons. The seasons are intended to provide increased opportunity for those hunters drawing elk permits, and increased flexibility to address elk that may disperse off the Fort as well as those animals beginning to appear within other locations in the State. This represents no change from the total limited-quota permits for 2014.

FEDERAL MANDATE: None

ECONOMIC IMPACT: It is anticipated that 25 limited-quota elk permits will be issued. Based on 2014 numbers, it is estimated that at least another 35 HOYOL permits will be issued and as well as 10 unlimited general permits. In addition, it is estimated that 1000 of people will apply for the drawing permits or bonus points and those individuals pay a \$5 nonrefundable application fee. The application fee generates \$5000. Estimated revenue if all permits are issued would be approximately \$10,875. Administrative costs associated with the season are borne by the Department. Approximately 350 days of hunting activity may occur, thus providing \$77,000 economic benefit to businesses providing goods and services. To the extent the expanded unit, seasons, and permit numbers help prevent dispersal of elk onto private land, and therefore help prevent occurrence of damage from dispersed elk, there may be some positive economic impact to the general public. No other economic impact on the general public, small businesses, or on other state agencies is anticipated.

ECONOMIC IMPACT STATEMENT

K.A.R. 115-25-9. Deer; open season, bag limit, and permits.

DESCRIPTION: The proposed exempt regulation establishes hunting bag limits, application periods and season dates for the 2015-2016 firearm, muzzleloader and archery deer seasons. There are some changes from 2014-2015 seasons. Season dates are adjusted to coincide with the calendar, antlerless harvest is adjusted in 1 unit across the state and the antlerless-only season is adjusted for 2 units across the state.

FEDERAL MANDATES: None

ECONOMIC IMPACT: If the economic impact to the department, the general public, small business and other agencies from the 2015-16 seasons were to be similar to the estimate for the 2014-2015 seasons, total revenue to the department from the sale of all resident, nonresident, and landowner/tenant deer permits is estimated to be approximately \$10,045,760.

Approximately 575,000 days of hunting activity by 115,000 hunters are anticipated. A survey conducted by the U.S. Fish and Wildlife Service estimated that big game hunters spent approximately \$1100 per year on trip and equipment expenditures, thus the 2013-14 deer seasons in Kansas are anticipated to generate approximately \$126.5 million worth of direct economic benefit to businesses providing big game goods and services. No other economic impact to state agencies, small businesses, or other individuals is anticipated.

ALTERNATIVES CONSIDERED: None.
