A summary of the proposed new regulation and proposed amended regulation and their economic impact follows:

K.A.R. 100-54-7. (amended)

The purpose of this regulation is to provide clarity regarding allowable amounts of continuing education contact hours for each type of continuing education experience for licensed occupational therapists and occupational therapy assistants. A description of the criteria for the Board's exercise of discretion in granting an extension of time for completing continuing education has been added. The terms in-service, professional reading and full-time fieldwork are also defined.

K.A.R. 100-54-12. (new)

The purpose of this new regulation is to set forth the requirements for an occupational therapist when delegating occupational therapy services to and supervising an occupational therapy assistant. An occupational therapist is also limited to supervising the combined equivalent of four full-time occupational therapy assistants. The regulation also sets forth the occupational therapy services which are allowed to be performed by an occupational therapy assistant and those services which shall not be performed by an occupational therapy assistant. The regulation also provides that failure to meet the requirements of the regulation constitutes unprofessional conduct.

The economic impact of the proposed new regulation and amended regulation is anticipated to be a minimal cost to the Kansas State Board of Healing Arts for staff time to update continuing education forms and processes, and educate licensees and stakeholders on the new supervision and delegation requirements. It is anticipated that some health care facilities in which an occupational therapist currently supervises more than the combined equivalent of four full-time occupational therapy assistants may encounter an adverse economic impact if they have to hire additional occupational therapists or cannot employ the same number of occupational therapy assistants.

100-54-7. Continuing education; license renewal. (a)(1) Each licensee shall submit evidence of completing ~~a minimum of~~ at least 40 contact hours of continuing education during the preceding 24 months. (b) A licensee initially licensed within one year of a renewal date when evidence of continuing education must be submitted shall not be required to submit evidence of satisfactory completion of a program of continuing education required by paragraph (a)(1) for that first renewal period. Each licensee who was initially licensed or whose license has been reinstated for more than one year but ~~fewer~~ less than two years from a renewal date when continuing education required by paragraph (a)(1) must be submitted shall be required to submit evidence of satisfactory completion of at least 20 contact hours of continuing education.

(c) Any licensee who cannot meet the requirements of paragraph (a)(1) or subsection (b) may request an extension from the board. The request shall include a plan for completion of the continuing education requirements within the requested extension period. An extension of not more than six months may be granted by the board for good cause shown by a substantiated medical condition, natural disaster, death of a spouse or an immediate family member, or any other compelling reason that in the judgment of the board renders the licensee incapable of meeting the requirements of paragraph (a)(1) or subsection (b).

(d) A contact hour shall consist of 60 minutes of instruction, unless otherwise specified in

ECONOMIC IMPACT STATEMENT
K.A.R. 100-54-7, 100-54-12**

Pursuant to the requirements of K.S.A. 77-416(b), the Kansas State Board of Healing Arts submits the following Economic Impact Statement relating to a proposed amended regulation and a proposed new regulation.

I. Summary of Proposed Regulations:

K.A.R. 100-54-7. (amended)

The purpose of this regulation is to provide clarity regarding allowable amounts of continuing education contact hours for each type of continuing education experience for licensed occupational therapists and occupational therapy assistants. A description of the criteria for the Board's exercise of discretion in granting an extension of time for completing continuing education has been added. The terms in-service, professional reading and full-time fieldwork are also defined.

K.A.R. 100-54-12. (new)

The purpose of this new regulation is to set forth the requirements for an occupational therapist when delegating occupational therapy services to and supervising an occupational therapy assistant. An occupational therapist is also limited to supervising the combined equivalent of four full-time occupational therapy assistants. The regulation also sets forth the occupational therapy services which are allowed to be performed by an occupational therapy assistant and those services which shall not be performed by an occupational therapy assistant. The regulation also provides that failure to meet the requirements of the regulation constitutes unprofessional conduct.

II. Federal Mandate:

These regulations are not mandated by any federal law.

III. Anticipated Economic Impact upon the Kansas Board of Healing Arts:

Minimal cost to the Kansas State Board of Healing Arts for staff time to update continuing education forms and processes, and educate licensees and stakeholders on the new supervision and delegation requirements.

IV. Anticipated Economic Impact upon Other Governmental Agencies and upon Private Business or Individuals:

It is anticipated that some health care facilities in which an occupational therapist currently supervises more than the combined equivalent of four full-time occupational therapy assistants may encounter an adverse economic impact if they have to hire additional occupational therapists or cannot employ the same number of occupational therapy assistants.

V. Less Costly or Intrusive Methods That Were Considered, but Rejected, and the Reason for Rejection:

No other less costly or less intrusive methods were identified or considered for the purpose of these regulations.
