ECONOMIC IMPACT STATEMENT

K.A.R. 115-8-1. Department lands and waters; hunting, furharvesting, and discharge of firearms.

DESCRIPTION: This permanent regulation establishes certain requirements for and restrictions on certain activities on department lands and waters, including hunting, furharvesting, and other discharge of firearms. Over a period of many years, posted notice has been used to restrict access to certain properties and enhance recreational opportunities. Many of those posted notice restrictions have become long-term policies and to better inform the public as well as enforce the posted notices, the department has consolidated many of those notices into a reference document for adoption by reference. This is an update to that reference document, particularly related to removing some restrictions on vehicle traffic, adjusting some non toxic shot requirements, adjusting some boating restrictions, coordinating some refuge area requirements and adding some daily use permits.

FEDERAL MANDATE: None.

ECONOMIC IMPACT: The proposed amendments are not anticipated to have any appreciable economic impact on the department, other agencies, small businesses or the public.

ALTERNATIVES CONSIDERED: None.

ECONOMIC IMPACT STATEMENT

K.A.R. 115-25-8. Elk; open season, bag limit and permits.

DESCRIPTION: This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2016-2017 muzzleloader, archery, and firearm seasons for elk. The units allow for statewide use for limited-quota permits, except in a portion of Morton County. Limited-quota elk and unlimited hunt-on-your-own-land (HOYOL) hunters would be allowed to hunt during any open season with the equipment that was allowed during that season. Unlimited general either-sex and antlerless-only permits would allow the use of the permits in all units but would exclude two units. Unlimited HOYOL either-sex and antlerless-only permits would be allowed statewide, except a portion of Morton County, Unit 1. The proposed regulation would allow elk hunting from September 1, 2016 through March 15, 2017 statewide (outside Fort Riley, except Unit 1). Fifteen limited-quota antlerless permits would also be valid during a September muzzleloader and archery equipment season on Fort Riley, Subunit 2a. However, only five limited-quota antlerless-only elk permits at a time would be made available for use during each of three seasons on subunit 2a (Fort Riley) (October 1, 2016 through October 31, 2016; November 1, 2016 through November 30, 2016; and December 1, 2016 through December 31, 2016). Ten limited-quota either-sex elk permits would be valid from September 1, 2016 through December 31, 2016 on subunit 2a and from September 1, 2016 through March 15, 2017 in the remainder of the state, except Unit 1. Fort Riley military personnel would continue to control access to the military grounds for the purpose of elk hunting, and are expected to provide hunting access only during a portion of the available days during the open seasons. The seasons are intended to provide increased opportunity for those hunters drawing elk permits, and increased flexibility to address elk that may disperse off the Fort as well as those animals beginning to appear within other locations in the State. This represents no change from the total limited-quota permits for 2015.

FEDERAL MANDATE: None

ECONOMIC IMPACT: It is anticipated that 25 limited-quota elk permits will be issued. Based on 2015 numbers, it is estimated that at least another 35 HOYOL permits will be issued and as well as 10 unlimited general permits. In addition, it is estimated that 1000 people will apply for the drawing permits or bonus points and those individuals pay a \$5 nonrefundable application fee. The application fee generates \$5000. Estimated revenue if all permits are issued would be approximately \$10,875. Administrative costs associated with the season are borne by the Department. Approximately 350 days of hunting activity may occur, thus providing \$77,000 economic benefit to businesses providing goods and services. To the extent the expanded unit, seasons, and permit numbers help prevent dispersal of elk onto private land, and therefore help prevent occurrence of damage from dispersed elk, there may be some positive economic impact to the general public. No other economic impact on the general public, small businesses, or on other state agencies is anticipated.

ECONOMIC IMPACT STATEMENT

K.A.R. 115-25-9. Deer; open season, bag limit, and permits.

DESCRIPTION: The proposed exempt regulation establishes hunting bag limits, application periods and season dates for the 2016-2017 firearm, muzzleloader and archery deer seasons. There are some changes from 2015-2016 seasons. Season dates are adjusted to coincide with the calendar.

FEDERAL MANDATES: None

ECONOMIC IMPACT: If the economic impact to the department, the general public, small business and other agencies from the 2016-17 seasons were to be similar to the estimate for the 2015-2016 seasons, total revenue to the department from the sale of all resident, nonresident, and landowner/tenant deer permits is estimated to be approximately \$10,045,760.

Approximately 575,000 days of hunting activity by 115,000 hunters are anticipated. A survey conducted by the U.S. Fish and Wildlife Service estimated that big game hunters spent approximately \$1100 per year on trip and equipment expenditures, thus the 2014-15 deer seasons in Kansas are anticipated to generate approximately \$126.5 million worth of direct economic benefit to businesses providing big game goods and services. No other economic impact to state agencies, small businesses, or other individuals is anticipated.

ALTERNATIVES CONSIDERED: None.
