115-4-11. Big game and wild turkey permit applications. (a) General application provisions.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant's odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual ~~desires~~ wants to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.
