This memorandum consists of three parts. The first (Part A) is a listing of statutory committees that conduct interim studies or oversight activities and whose memberships are entirely legislative. The second (Part B) is an update of the cumulative listing begun in 1985 identifying agencies or groups (some of which are directed to perform studies) created by law whose memberships include appointments made by specified members of the Legislature, legislators designated as members, or both. The third (Part C) is a listing of inactive committees, boards, task forces, and groups. Throughout, references to statutes refer to the 2017 Supplement as appropriate.

1 The LCC determines its own meeting schedule. The statute calls for at least one meeting per month during the interim.
Membership of Selected Committees, Councils, and Commissions

1 **Joint Committee on Administrative Rules and Regulations.** KSA 77-436 created the Joint Committee on Administrative Rules and Regulations consisting of 12 members (7 House members and 5 Senate members). Of the 7 House members, 4 are appointed by the Speaker and 3 are appointed by the Minority Leader. Of the 5 Senate members, 3 are appointed by the Committee on Organization, Calendar, and Rules and 2 are appointed by the Minority Leader. The Minority Leader of the Senate or the House, as will be applicable, shall designate a Ranking Minority Member of the Joint Committee. The Chairperson and the Ranking Minority Member will be from the same chamber.

The first-named appointee of the Senate Committee on Organization, Calendar, and Rules and the first-named member appointed by the Speaker serve as the Chairperson and Vice-chairperson of the Committee. The House member chairs the Committee in the odd-numbered years, from the convening of the regular legislative session in that year until the convening of the regular session in the next year. The Senate member chairs the Committee from the convening of the legislative session in the even-numbered years until the convening of the regular session in the next year. These persons serve as the Vice-chairperson in the years they do not chair the Committee. The terms of Committee members are not specified in the law.

Seven members make a quorum of the Joint Committee. The Vice-chairperson shall exercise all the powers of the Chairperson in the absence of the Chairperson. The Joint Committee meets upon the call of the Chairperson as authorized by the Legislative Coordinating Council (LCC). All such meetings shall be held in Topeka, unless authorized to be held in a different place by the LCC. Members receive compensation as provided in KSA 75-3212 when attending meetings of such committee authorized by the LCC.

The Committee shall issue a report to the Legislature following each meeting making comments and recommendations and indicating concerns about any proposed rule and regulation. Such report shall be made available to each agency that had proposed rules and regulations reviewed at such meeting during the agency’s public comment period for such proposed rules and regulations. If having a final report completed by the public hearing is impractical, a preliminary report shall be made available to the agency containing the Committee’s comments. The preliminary report shall be incorporated into the final report and made available to each agency.

2 **Confirmation Oversight Committee.** KSA 46-2601 established the Confirmation Oversight Committee, consisting of six members appointed as provided in the Rules of the Senate for appointment of members of Senate standing committees. The two major political parties have proportional representation on the Committee. A party with a fractional membership exceeding one half receives representation as if the fraction were a full number. The Senate Majority and Minority Leaders (or their designees) are members of the Committee. These persons serve as Chairperson and Vice-chairperson, respectively. The Committee meets on call of the Chairperson or of any three members.

The Committee may authorize persons subject to Senate confirmation who have been appointed to fill vacancies on various governmental bodies to exercise the powers, duties, and functions of the office until confirmed by the Senate at the next regular or special legislative session.
Joint Committee on Corrections and Juvenile Justice Oversight. KSA 46-2801 et seq. established the Joint Committee on Corrections and Juvenile Justice Oversight, consisting of 14 members, no more than 7 Senators and 7 House members. The Senate members are appointed by the President and Minority Leader. Proportional representation among the two major political parties is required. (If proportional representation results in a fraction, the party having the fraction that exceeds 0.5 receives the added representation.) The House members are appointed as follows: the Speaker appoints four members of the majority party, two of whom are members of the House Committee on Appropriations and two of whom are members of the House Judiciary Committee, and the House Minority Leader appoints three members of the minority party who are members of the House Committee on Appropriations or who are members of the House Judiciary Committee.

Members of the Joint Committee serve for terms ending on the first day of the regular legislative session in odd-numbered years. The Joint Committee must organize annually and elect a Chairperson and Vice-chairperson. A quorum is eight members. During odd-numbered years, the Chairperson is a House member and the Vice-chairperson is a Senator. During even-numbered years, the Chairperson is a Senator and the Vice-chairperson is a House member.

The Joint Committee is authorized to meet at any time and any place within the state on the call of the Chairperson, Vice-chairperson, and ranking minority member of the House when the Chairperson is a House member or of the Senate when the Chairperson is a Senator. The provisions of Ch. 46, Art. 12 apply to the Joint Committee to the extent that they do not conflict with the specific provisions of this law. The LCC may provide such professional services as may be requested by the Joint Committee. The Committee is authorized to introduce legislation and is directed to:

- Monitor the inmate population and review and study the programs, activities, and plans of the Department of Corrections regarding the duties of the Department prescribed by statute, including implementation of expansion projects; operation of correctional, food service, and other programs for inmates; community corrections; parole; and the condition and operation of the correctional institutions and other facilities under the control and supervision of the Department of Corrections;

- Monitor establishment of the Juvenile Justice Authority and review and study the programs, activities, and plans of the Authority regarding the duties of the Authority prescribed by statute, including the responsibility for the care, custody, control, and rehabilitation of juvenile offenders and the condition and operation of the state juvenile correctional facilities under the control and supervision of the Authority. (Pursuant to Executive Reorganization Order (ERO) No. 42, the jurisdiction, powers, functions, and duties of the Juvenile Justice Authority, which had been a cabinet-level agency, were transferred to the Department of Corrections and the Secretary of Corrections on July 1, 2013.);

- Review and study the adult correctional programs and activities and facilities of counties, cities, and other local governmental entities, including the programs and activities of private entities operating community correctional programs and facilities, and the condition and operation of jails and other local governmental facilities for the incarceration of adult offenders;
• Review and study the juvenile offender programs and activities and facilities of counties, cities, school districts, and other local governmental entities, including programs for the reduction and prevention of juvenile crime and delinquency, the programs and activities of private entities operating community juvenile programs and facilities, and the condition and operation of local governmental residential or custodial facilities for the care, treatment, or training of juvenile offenders; and

• Study the progress and results of the transition of powers, duties, and functions from the Kansas Department for Children and Families, Office of Judicial Administration, and Department of Corrections to the Juvenile Justice Authority (see above note regarding 2013 ERO 42) and make annual reports to the LCC and such other special reports to the committees of the House and Senate as the Joint Committee deems appropriate.

The Joint Committee was scheduled to expire on December 31, 2005. HB 2555 (2006) made the Committee permanent.

4 Robert G. (Bob) Bethell Joint Committee on Home and Community Based Services and KanCare Oversight. KSA 39-7,160 established the Joint Committee on Home and Community Based Services Oversight.

The Joint Committee shall consist of 11 members, as follows:

• One member of the House appointed by the House Minority Leader; and

• Two members of the Senate appointed by the Senate President, one of whom shall be a member of the Senate Committee on Ways and Means.

The Oversight Committee is to meet once in January, once in April during the regular legislative session, and two consecutive days in both the third and fourth quarters with the Chairperson alternating annually between members appointed by the Speaker of the House of Representatives and the President of the Senate. The Committee is to review the number of individuals transferred from institutional settings to home and community based settings
and the associated cost savings. The Committee also will review community capacity and ensure adequate progress is being made for the transfers to occur. In addition, the Committee will study and determine the effectiveness of the program and perform a cost analysis. The Committee will review the salaries, benefits, and training of direct care staff and ensure that any proceeds resulting from the successful transfer be applied to the system of long-term care and home and community based services.

Legislation in 2013 increased the Committee’s membership from 9 to 11 members and expanded the Committee’s scope, as follows:

- The Committee is required to monitor and study the implementation and operations of:
  - Home and Community Based Service programs;
  - Children’s Health Insurance Program;
  - Program for All-Inclusive Care of the Elderly; and
  - State Medicaid programs, including, but not limited to, access to and quality of services provided and any financial information and budgetary issues.

Further, state agencies are required to provide the Committee with data and information on KanCare programs, including, but not limited to, pay for performance measures, quality measures and enrollment and disenrollment in specific plans, KanCare provider network data, and appeals and grievances made to the KanCare Ombudsman.

5 Joint Committee on Information Technology. KSA 46-2101 et seq. created the Joint Committee on Information Technology, consisting of ten members (five Senators and five House members):

Beginning on the first day of the regular legislative session in even-numbered years, the Chairperson is a Senator and the Vice-chairperson is a House member. The Committee may meet at any time and at any place in the state upon call of the
Chairperson. Actions taken by the Committee must be taken by a majority of all the members of the Committee. The Committee is authorized to introduce legislation.

The Committee is authorized to study and make recommendations regarding the computer, telecommunications, and other information technologies used by state agencies.

6 Joint Committee on Kansas Security. KSA 46-3301 created the Joint Committee on Kansas Security, consisting of ten members (five from the Senate and five from the House appointed by legislative leadership):

- Three Representatives appointed by the Speaker of the House;
- Two Representatives appointed by the House Minority Leader;
- Three Senators appointed by the Senate President; and
- Two Senators appointed by the Senate Minority Leader.

The Speaker designates a Representative to be Chairperson or Vice-chairperson of the Committee. The President of the Senate designates a Senator to be Chairperson or Vice-chairperson of the Joint Committee. The Chairperson is a Representative in odd-numbered years and a Senator in even-numbered years.

The Joint Committee on Kansas Security can meet anywhere in the state without the prior consent of the LCC. However, in order for the members to receive compensation, meetings must be approved by the LCC. Six members make a quorum. A provision directs the Kansas Bureau of Investigation to conduct criminal history checks and background investigations of all committee staff members of the Kansas Legislative Research Department and the Office of Revisor of Statutes. The Joint Committee has the authority to review and monitor federal moneys related to homeland security received by the State of Kansas.

The Joint Committee is to study, monitor, review, and make recommendations for the following:

- Matters relating to the security of state officers or employees;

7 Legislative Budget Committee. KSA 46-1208 established the Joint Committee on Legislative Budget, consisting of seven members of the Legislature appointed by the LCC. Terms end on the first day of the regular legislative session in odd-numbered years. In making such appointments, preference is given to members of the Senate Committee on Ways and Means and the House Committee on Appropriations. At least two of the members must be from the minority party: one Senator and one Representative. The Chairperson and the Vice-chairperson of the Legislative Budget Committee are appointed by the LCC.

During and between legislative sessions, the Legislative Budget Committee will compile fiscal information and shall make a continuous study of the state budget, revenues, and expenditures. It also will ascertain facts and make recommendations to the Legislature concerning the state budget, the revenues and expenditures of the state, and the organization and functions of the state and its agencies with a goal of reducing the cost of state government.

The LCC must meet at least once each month in the interim between legislative sessions, upon call of the Chairperson or of any three members. The Director of Legislative Administrative Services, the Director of Legislative Research, the Revisor of Statutes, and each member of the Legislature must be given notice of each meeting of the LCC by its Chairperson, except in cases of emergency.

The LCC has general authority over all legislative services and governs legislative committee activities when the Legislature is not in session. A majority of five members is required for any action of the LCC unless it concerns only one house of the Legislature, in which case action may be authorized by the unanimous vote of the house’s members on the LCC.
