**KANSAS STATE FIRE MARSHAL
ECONOMIC IMPACT STATEMENT**

**K.A.R. 22-6-12 and K.A.R. 22-6-16 (revocations)
K.A.R. 22-6-5, K.A.R. 22-6-20, K.A.R. 22-6-24, and K.A.R. 22-6-25 (amended)**

I. Summary of Proposed Regulation, Including Its Purpose.

Amendments to K.A.R. 22-6-20, K.A.R. 22-6-24, and K.A.R. 22-6-25 are primarily for the purpose of updating the nationally recognized fire prevention codes adopted pursuant to K.S.A. 31-506. The amendments to K.A.R. 22-6-24 and K.A.R. 22-6-25 eliminate license fees. The amendments to K.A.R. 22-6-5 create a second, earlier fireworks season for limited presales of fireworks, for example by charitable organizations as a fundraising mechanism; delivery or receipt of the fireworks will not be allowed until the existing retail fireworks season.

K.A.R. 22-6-12 and K.A.R. 22-6-16 are duplicative of existing statutes and are no longer required.

II. Whether or Not the Regulation Is Mandated by Federal Law.

This regulation is not mandated by federal law, but display fireworks are also regulated under 27 C.F.R. Part 555 by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). NFPA 1123, adopted in K.A.R. 22-6-20(a)(2) is consistent with and requires licensees to comply with ATF regulations, including 27 CFR Part 555.

III. Anticipated Economic Impact upon the State Fire Marshal's Office.

OSFM will work within its existing budget to implement the amendments to K.A.R. 22-6-20, K.A.R. 22-6-24, and K.A.R. 22-6-25.

The revocation of K.A.R. 22-6-12 and K.A.R. 22-6-16 is not expected to have any economic impact on OSFM.

proposed

The amendments to K.A.R. 22-6-5 are expected to have positive economic impact on the entities that engage in presales of fireworks, but the scope is difficult to estimate and will vary from year to year.

IV. Anticipated Economic Impact upon Other Governmental Agencies or Units, Including Local Units of Government.

These proposed regulations are not expected to have any economic impact on other government entities.

V. Anticipated Economic Impact upon Private Individuals.

The elimination of fees is expected to have a positive economic impact on applicants, although the magnitude will vary from year to year. The updated editions of the nationally recognized fire prevention codes adopted in K.A.R. 22-6-20 are largely in line with existing editions and their adoption is not expected to have an adverse economic impact.

The revocation of K.A.R. 22-6-12 and K.A.R. 22-6-16 is not expected to have any economic impact on private individuals.

The amendments to K.A.R. 22-6-5 are not expected to have a negative economic impact on private individuals.

VI. Less Costly or Intrusive Methods That Were Considered, but Rejected, and the Reason for Rejection.

Because NFPA 160, 1123, and 1124 contain nationally recognized standards for the regulation of fireworks, pyrotechnics, and flame effects, no less costly or intrusive methods were considered and rejected.

PROPOSED

**KANSAS STATE FIRE MARSHAL
ECONOMIC IMPACT STATEMENT**

K.A.R. 22-8-10 (amended)

I. Summary of Proposed Regulation, Including Its Purpose.

K.A.R. 22-8-10 establishes the classes of liquefied petroleum gas industry licenses pursuant to K.S.A. 55-1812. This amendment eliminates the fee assessed to applicants in each license class.

II. Whether or Not the Regulation Is Mandated by Federal Law.

This regulation is not mandated by federal law, and, therefore, the regulation does not exceed the requirements of federal law.

III. Anticipated Economic Impact upon the State Fire Marshal's Office.

The Office of the State Fire Marshal (OSFM) does not require the fees currently assessed under K.A.R. 22-8-10; the fee reduction is not anticipated to have an adverse economic impact.
