

Wildlife, Parks, and Tourism Commission

Notice of Public Hearing

A public hearing will be conducted by the Wildlife, Parks, and Tourism Commission at 6:30 p.m., Thursday, April 29, 2021 at the Rolling Hills Electric Cooperative, 3075 B Highway, Beloit, Kansas to consider the approval and adoption of the proposed regulations of the Kansas Department of Wildlife, Parks, and Tourism.

A general discussion and workshop meeting on the business of the Wildlife, Parks, and Tourism Commission will begin at 1:30 p.m., April 29 at the location listed above. The meeting will recess at approximately 5:00 p.m. and then resume at 6:30 p.m. at the same location for the regulatory hearing and more business. There will be public comment periods at the beginning of the afternoon and evening meeting for any issues not on the agenda and additional comment periods will be available during the meeting on agenda items. Old and new business may also be discussed at this time. If necessary to complete business matters, the Commission will reconvene at 9:00 a.m. April 30 at the location listed above.

Any individual with a disability may request accommodation in order to participate in the public meeting and may request the meeting materials in an accessible format. Requests for accommodation to participate in the meeting should be made at least five working days in advance of the meeting by contacting Sheila Kemmis, Commission Secretary, at (620) 672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations.

All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife, Parks, and Tourism, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612 or to [sheila.kemmis@ks.gov](mailto:sheila.kemmis@ks.gov) if electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

**K.A.R. 115-3-2.** This permanent regulation sets legal equipment, taking methods and possession for rabbits, hares and squirrels. The proposed amendments would align legal equipment provisions for rabbits and hares.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-9-6.** This permanent regulation sets requirements for display of vehicle

permits for parks. The proposed amendments would allow for placement of a permit from an electronic kiosk.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-18-13.** This permanent regulation sets requirements for management units, permits and restrictions for dark geese. The regulation is proposed for revocation.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-25-2.** This exempt regulation sets the open seasons, bag limit and possession limit for rabbits. The proposed version of the regulation would align possession limits for rabbits at four times the daily bag limit, the same as other small game animals.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-25-3.** This exempt regulation sets the open seasons, bag limit and possession limit for hares. The proposed version of the regulation would align possession limits for hares at four times the daily bag limit, the same as other small game animals.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

Copies of the complete text of each regulation and its respective economic impact statement may be obtained by writing the chairman of the Commission at the address above, electronically on the department's website at [ksoutdoors.com](http://ksoutdoors.com), or by calling (785) 296-2281.

Submit a hard copy of the proposed rule(s) and regulation(s) and any external documents that the proposed rule(s) and regulation(s) would adopt, along with the following to: Division of the Budget  
900 SW Jackson, Room 504-N  
Topeka, KS 66612

**I. Brief description of the proposed rule(s) and regulation(s).**

The proposed changes to the regulation would allow for the running and box-trapping of hares, the same as is currently allowed for rabbits, in an effort to better standardize the regulations.

**II. Statement by the agency if the rule(s) and regulation(s) is mandated by the federal government and a statement if approach chosen to address the policy issue is different from that utilized by agencies of contiguous states or the federal government. (If the approach is different, then include a statement of why the Kansas rule and regulation proposed is different)**

This is not a federal mandate. Missouri, Oklahoma, Nebraska and Colorado all have varying regulations dealing with rabbit and hare hunting seasons and requirements.

**III. Agency analysis specifically addressing following:**

**A. The extent to which the rule(s) and regulation(s) will enhance or restrict business activities and growth;**

The proposed amendments will neither enhance nor restrict business activities and growth.

**B. The economic effect, including a detailed quantification of implementation and compliance costs, on the specific businesses, sectors, public utility ratepayers, individuals, and local governments that would be affected by the proposed rule and regulation and on the state economy as a whole;**

The proposed amendments will have no negative economic effect on any sector.

**C. Businesses that would be directly affected by the proposed rule and regulation;**

None.

**D. Benefits of the proposed rule(s) and regulation(s) compared to the costs;**

The proposed benefits include allowing another method of permit delivery.

Proposed

- E. Measures taken by the agency to minimize the cost and impact of the proposed rule(s) and regulation(s) on business and economic development within the State of Kansas, local government, and individuals;**

There are no negative costs associated with this proposal.

- F. An estimate, expressed as a total dollar figure, of the total annual implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.**

There are no additional implementation or compliance costs with this proposal.

**An estimate, expressed as a total dollar figure, of the total implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.**

There are no additional implementation or compliance costs with this proposal.

**Do the above total implementation and compliance costs exceed \$3.0 million over any two-year period?**

YES ☐ NO ☒

**Give a detailed statement of the data and methodology used in estimating the above cost estimate.**

Rabbit and hare hunting is a very small subset of small game hunting. Small game hunting requires a general hunting license. Big game hunting requires a permit for the species to be hunted as well as a general hunting license. As a result, the agency cannot determine the economic impact of the sale of hunting licenses specifically used to hunt rabbits and hares. However, based on 2020 hunting license sales, the agency sold approximately 156,236 general hunting licenses of all categories, both resident and nonresident, generating approximately \$9,209,640.00, all of which accrues to the wildlife fee fund. The sale of small game hunting licenses generates an additional \$73,743,392.00 for the Kansas economy, based on data contained in a report published by the United States Fish and Wildlife Service every five years.

**Prior to the submission or resubmission of the proposed rule(s) and regulation(s), did the agency hold a public hearing if the total implementation and compliance costs exceed \$3.0 million over any two-year period to find that the estimated costs have been accurately determined and are necessary for achieving legislative intent? If applicable, document when the public hearing was held, those in attendance, and any pertinent information from the hearing.**

YES ☒ NO ☐

The agency will held a public hearing on January 14, attended by 52 members of the public and will hold public hearings on March 25 and April 29 on the proposed regulation.

- G. If the proposed rule(s) and regulation(s) increases or decreases revenues of cities, counties or school districts, or imposes functions or responsibilities on cities, counties or**

Submit a hard copy of the proposed rule(s) and regulation(s) and any external documents that the proposed rule(s) and regulation(s) would adopt, along with the following to:

Division of the Budget  
900 SW Jackson, Room 504-N  
Topeka, KS 66612

**I. Brief description of the proposed rule(s) and regulation(s).**

The proposed version of the regulation would allow for the possession limit to be standardized with other small game possession limits at four times the daily bag limit.

**II. Statement by the agency if the rule(s) and regulation(s) is mandated by the federal government and a statement if approach chosen to address the policy issue is different from that utilized by agencies of contiguous states or the federal government. *(If the approach is different, then include a statement of why the Kansas rule and regulation proposed is different)***

This is not a federal mandate. Missouri, Oklahoma, Nebraska and Colorado all have varying regulations dealing with rabbit and hare hunting seasons and requirements.

**III. Agency analysis specifically addressing following:**

**A. The extent to which the rule(s) and regulation(s) will enhance or restrict business activities and growth;**

The proposed amendments will neither enhance nor restrict business activities and growth.

**B. The economic effect, including a detailed quantification of implementation and compliance costs, on the specific businesses, sectors, public utility ratepayers, individuals, and local governments that would be affected by the proposed rule and regulation and on the state economy as a whole;**

The proposed amendments will have no negative economic effect on any sector.

**C. Businesses that would be directly affected by the proposed rule and regulation;**

None.

**D. Benefits of the proposed rule(s) and regulation(s) compared to the costs;**

The proposed benefits include standardizing small game possession limits.

Proposed

- E. Measures taken by the agency to minimize the cost and impact of the proposed rule(s) and regulation(s) on business and economic development within the State of Kansas, local government, and individuals;**

There are no negative costs associated with this proposal.

- F. An estimate, expressed as a total dollar figure, of the total annual implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.**

There are no additional implementation or compliance costs with this proposal.

**An estimate, expressed as a total dollar figure, of the total implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.**

There are no additional implementation or compliance costs with this proposal.

**Do the above total implementation and compliance costs exceed \$3.0 million over any two-year period?**

YES ☐ NO ☒

**Give a detailed statement of the data and methodology used in estimating the above cost estimate.**

Rabbit and hare hunting is a very small subset of small game hunting. Small game hunting requires a general hunting license. Big game hunting requires a permit for the species to be hunted as well as a general hunting license. As a result, the agency cannot determine the economic impact of the sale of hunting licenses specifically used to hunt rabbits and hares. However, based on 2020 hunting license sales, the agency sold approximately 156,236 general hunting licenses of all categories, both resident and nonresident, generating approximately \$9,209,640.00, all of which accrues to the wildlife fee fund. The sale of small game hunting licenses generates an additional \$73,743,392.00 for the Kansas economy, based on data contained in a report published by the United States Fish and Wildlife Service every five years.

**Prior to the submission or resubmission of the proposed rule(s) and regulation(s), did the agency hold a public hearing if the total implementation and compliance costs exceed \$3.0 million over any two-year period to find that the estimated costs have been accurately determined and are necessary for achieving legislative intent? If applicable, document when the public hearing was held, those in attendance, and any pertinent information from the hearing.**

YES ☒ NO ☐

The agency held a public hearing on the regulation on January 14, attended by 52 members of the public, and will hold public hearings on March 25 and April 29 on the proposed regulation.

**If the proposed rule(s) and regulation(s) increases or decreases revenues of cities, counties or school districts, or imposes functions or responsibilities on cities, counties or**
